

**STANDARD HCG
HUMIDITY CONTROLLED GRILLE**

INSTALLATION
INSTRUCTIONS
0909

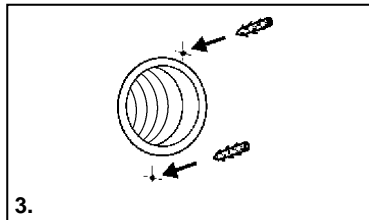

1.
Remove face grille from base.

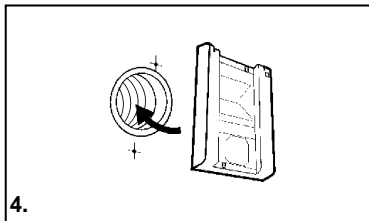

2.
Position grille base over duct and mark
holes for drilling.

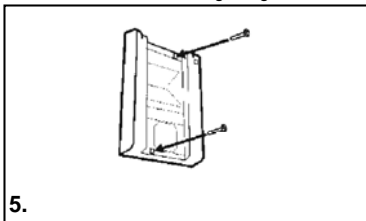

*Note: use off-centered holes.
Centered holes are for attaching face grille.*

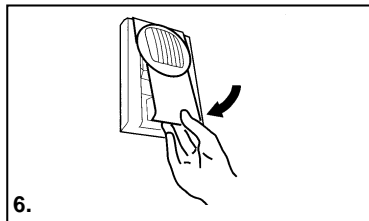

3.
Provide anchors if necessary. It is
suggested that grille be attached at both
points.

4.
Position grille base.

5.
Attach base with 2 appropriately sized
screws.

6.
Snap on face grille.
