

NEW ASSEMBLED CER'S AND CSR'S HAVE ETL CERTIFICATION

Aldes CER's and CSR's with fire dampers are the only ETL Safety Certified assembled units on the market today! You know that CAR (Constant Airflow Regulators) provide precise airflow control without the need for individual duct balancing adjustments or separate control systems. Now Aldes CAR-IIs come assembled with grilles and fire dampers, and the added safety assurance that only ETL Certification can provide.
